

Yealink W78H Datasheet

Yealink DECT Handset

Yealink W78H is a high-end, modern, stylish wireless handset with a 2.4" screen for business use. Its new ID design makes it sleeker, convenient, and durable. With W78H, you can enjoy a crystal-clear audio experience and never miss any important information during a call.

It also provides maximum freedom and flexibility. You can choose a Bluetooth or wired headset on your demand, with Bluetooth 5.1 and a 3.5 mm headset jack. Thanks to the vibration alarm, you are guaranteed not to miss any call, even in noisy and stressful situations.

Combining the benefits of wireless communication with the rich business features of Voice-over-IP telephony empowers users with convenient wireless communication, excellent speech quality, and encrypted call information through the reliable DECT encryption technology. Its graphical color display will provide a comfortable and joyful user experience for all-day work.

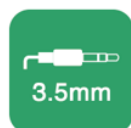

W78H is perfectly compatible with Yealink W70B. The W78P system can support 10 handsets, 10 SIP accounts, and 20 simultaneous calls (2 calls per handset). Also, W78H is perfectly compatible with the W75/W80/W90 multi-cell system, supporting the seamless roaming and handover feature and providing more options for your office expansion.
